#### **WHAT IS Diamond AND HOW IT WORKS?**

Since its release in September 2017, Garena Free Fire has been at the top of the mobile game download rankings. Android and iOS devices support this free battle royale game. By 2019, it will be at the top of the global ranking of the most downloaded games on mobile platforms. This year is 2021, and Free Fire has won the award for the second time.

It is undeniable that this explosive battle royale shooting game has aroused the interest of many people. This may be mainly due to the way it uses international superstars such as Cristiano Ronaldo as playable characters.

In addition, Free Fire developers will regularly provide exciting new heroes and events in the form of updates. These are designed to expand the knowledge and core shooting actions of the game; thus making things more interesting.

Diamonds are the recognized currency in Free Fire games. They are the items you need to purchase items that can be used to play this multiplayer battle royale game, such as elite passes, pets, characters, and weapons.

However, these Free Fire Diamonds are not free. Players must spend actual cash to obtain them to use in the game.

In other words, any enthusiastic gamer knows that when acquiring such exclusive items, a hacker is always needed.
