

Migration Dialogues: IMRF Round Table 3 Consultation

Agenda

Dialogue

To support Member States and other relevant stakeholders in preparing for the IMRF, the United Nations Network on Migration (Network) is hosting the Migration Dialogues series (January – April 2022) on its Migration Network Hub. These events offer an open and inclusive space where Member States and all other relevant stakeholders can discuss approaches towards achieving effective, principled migration governance for the benefit of all. The deliberations aim to assist Member States and other relevant stakeholders to prepare for the Forum's roundtables and policy debate. They will also provide input to the background notes for each of the roundtables and for the policy debate.

Discussion space

To ensure meaningful and lasting interactions between participants, speakers and Network members on topics related to the Round Table 3, the Network has created a [dedicated discussion space](#) on the Migration Network Hub where participants can ask questions and share recommendations and good practices ahead, during and after the Dialogue.
