Working Better Together

Terms of Reference for the UN Migration Network for the Federal Republic of Nigeria

Mission Statement

The UN Resident Coordinator and IOM (in its capacity as coordinator of The Network) establish a country based United Nations Network on Migration for **Federal Republic of Nigeria** (The Network) to facilitate effective, timely and coordinated UN system-wide support to Nigeria's migration policy, including on the implementation, follow-up and review of the Global Compact for Safe, Orderly and Regular Migration (GCM) where a common UN system approach would add value. The Network endeavours to promote migration policy that supports the well-being of migrants and societies in a coherent, holistic and balanced manner, including policies and their implementation that are aligned with the SDGs, the African Union Migration Policy Framework, the 2063 Agenda and other sub-regional initiatives while supporting progress in implementing all of the GCM's 23 objectives.

In all its actions, The Network will be guided, inter alia, by the United Nations Charter, international law, the Agenda 2030 for sustainable development, and the GCM. It will align itself, in its working methods, with the terms of reference of the West and Central Africa regional Network on Migration as well as with the global UN Network on Migration.

In line with global and regional efforts, The Network aims to foster a better understanding of current and emerging issues on migration, and to enhance coordination and collaboration within the UN system and with other stakeholders at national level.

Objectives of The Network

In order to implement its mission, The Network commits to taking concrete actions, as follows:

- Support other global initiatives such as the Global Forum on Migration and Development in their effort to progress the GCM at a national level;
- Support coherent action by the UN system at country level in support of GCM implementation, in line with the regional and global UN Network on Migration initiatives and where such action would add value, while ensuring well-defined linkages with UN structures at all levels;
- Act as a source of ideas, tools, reliable data and information, analysis, and policy guidance on migration issues, including through the capacity-building mechanism called for in the GCM;
