## Draft Terms of Reference

### **Mission Statement**

United Nations Country Team (UNCT) in Serbia establishes a United Nations Migration Network (UNMN) to facilitate effective, timely and coordinated United Nations (UN) system-wide actions supporting and contributing to migration management in Serbia in line with the relevant national strategies and laws within the migration management area, where a common UN system approach would add value.

UN Migration Network will foster a better understanding of migration dynamics and enhance information exchanges and coordination within the UN system and with the Government of Serbia entities and other stakeholders at national level. UN Migration Network will work closely with the Serbian Commissariat for Refugees and Migration and all relevant ministries in the migration management area, International Organizations (IOs), non-governmental organizations (NGOs), civil society organizations (CSOs) and other entities dealing with migration issues in Serbia, to promote migration policy and approaches that support the well-being of migrants and societies in a coherent, holistic and balanced manner, in line with the Global Compact for Safe, Orderly and Regular Migration (GCM) and in accordance with the national legislation.

The Migration Network will align itself, in its structure and working methods, with the composition and terms of reference of the global UN Network on Migration. In all its actions, the Migration Network will be guided, inter alia, by the UN Charter, international law, the 2030 Agenda for Sustainable Development and the Sustainable Development Goals (SDGs), in addition to the GCM.
