

United Nations Network on Migration

Working Better Together

Training-retreat for the UN Networks on Migration (UNNM) members from Kazakhstan and Uzbekistan on

Global Compact
FOR Migration

funded within the IOM implemented sub-regional 'Supporting the Governments of Central Asian States in the implementation of the GCM' project

26-27 SEPTEMBER 2023

ASTANA, KAZAKHSTAN

HOTEL PARK INN BY RADISSON ASTANA (8 SARYARKA AV.)

The **purpose of the training event** is to provide guidance for UN Country Teams/UNNM members in Kazakhstan and Uzbekistan, as well as other relevant stakeholders, on how to systematically integrate migration into UN Cooperation Frameworks (CFs) and accompanying Common Country Analyses (CCAs). The training is also intended to support the acceleration of the Sustainable Development Goals, including through enhancing the overall implementation of the Global Compact for Migration. The training follows a whole-of-UN, whole-of-government and whole-of-society approach, promoting policy coherence and aligning with the ongoing UNDS reform process.

The training has been designed to reach a balance between ensuring core theoretical and practical content, while allowing space for the material to be adjusted to reflect the country context of Kazakhstan and Uzbekistan. It is also important to ensure that the training meets the needs of the training participants – UNNM members in Kazakhstan and Uzbekistan - and reflects the migration dynamics in both countries, as well as the development priorities.

Group activities are a key component of the training process. In stimulating discussion and active exchange among participants, activities facilitate peer-to-peer learning and encourage participants to reflect on opportunities to integrate what they learn in the training into their day-to-day work.
