Session Objectives: by the end of this session participants should

- Have a foundational understanding of how to effectively foster partnerships for effective integration of migration
- Have a preliminary understanding of the linkages between migration governance & the two most prominent monitoring & reporting mechanisms for the 2030 Agenda & the GCM: the VNR & the IMRF
- Be familiar with the Migration Multi-Partner Trust Fund
Partnerships: A key element of the GCM & the 2030 Agenda

- The GCM follows a ‘whole of society approach’ and promotes broad, multi-stakeholder partnership to address migration in all its dimensions.

- The 2030 Agenda’s 5 Ps:
  1. People
  2. Prosperity
  3. Planet
  4. Peace
  5. Partnership

“No country can address the challenges and opportunities of this global phenomenon on its own.”
~ GCM para 11
Partnerships the 2030 Agenda & the GCM
Implementation of the GCM is dependent on partnership between/among:

- Migrants
- Civil society
- Migrant and diaspora organizations
- Local authorities and communities
- The private sector
- Parliamentarians
- National Human Rights Institutions
- International Red Cross and Red Crescent Movement
- Academia
- Media
- Other relevant stakeholders

Innovative and non-traditional partnerships are central to success
Multi-directional partnerships

**VERTICAL PARTNERSHIPS**
between different levels of government (national and sub-national)

**HORIZONTAL PARTNERSHIPS**
across different ministries and policy sectors
Cross-border partnerships

The GCM makes reference to the importance of cross-border partnerships.

The GCM:

- Obj. 7, action (e): Accounting for migrant children in cross-border cooperation frameworks
- Obj. 7, action (c): Facilitating cross-border law enforcement to counter migrant smuggling
- Obj. 11, action (g): Improving cross-border collaboration relating to treatment of persons crossing international borders
Strengthening partnership in accordance with the vision and guiding principles of the GCM

- What existing partnerships are critical to effective GCM implementation within your country?
- What partnerships are lacking and/or could be strengthened to ensure effective GCM implementation in your country?

Questions?
Monitoring, Evaluation and Reporting
Voluntary National Reviews (VNRs)

A recap:

• Regular reviews of progress on 2030 Agenda implementation: country-led & country-driven
• Presented by governments during the annual High-level Political Forum on Sustainable Development (HLPF) in New York
• Sharing of experiences, challenges & lessons learned
• Strengthen governments’ policies & institutions
• Mobilize multi-stakeholder support for SDG implementation
VNRs & migration

VNRs can:

- Help draw attention to the situation of migrants
- Emphasise the link between migration and the SDGs
- Highlight areas where migration has affected SDG progress
- Ensure that migration-related indicators are reflected in VNR
- Identify other areas of progress towards SDGs linked to migration
“We will review the progress made at local, national, regional and global levels in implementing the Global Compact in the framework of the United Nations through a State-led approach and with the participation of all relevant stakeholders” – GMC, para. 48

**Regional reviews**
Beginning 2020

**Global review: International Migration Review Forum (IMRF)**
Beginning 2022

**National reviews of GCM implementation**
Regular, voluntary reviews the status of implementation of the GCM at national level are encouraged and should inform Regional Reviews and the IMRF.
International Migration Review Forum (IMRF)

- Primary inter-governmental platform for Member States to discuss & share on GCM progress, including as it relates to the 2030 Agenda for Sustainable Development
- Will convene every four years, starting in 2022
- Includes interaction with and participation of all relevant stakeholders
- Each IMRF to result in a Progress Declaration agreed upon by governments

Post-IMRF in 2022, this slide should be updated with core outcomes

The GCM review (IMRF) is complimentary to the VNR (and HLPF)

Recall: GCM is rooted in the 2030 Agenda & supports SDG acceleration & attainment
International Migration Review Forum (IMRF)

National and Regional Reviews

• Each IMRF should be meaningfully informed by both national and regional reviews

• National reviews conducted by governments should regularly and inclusively examine progress on GCM implementation and inform future planning and activities

• Regional reviews, take place every four years, alternating with the IMRF

Update here according to country context - i.e. preparation for, or outcomes or, national or regional reviews

Visit the UN Network on Migration website for guidance, templates and related documents to support the preparation of national and regional reviews, as well as the IMRF: https://migrationnetwork.un.org/
Monitoring and Reporting

Building synergies between GCM monitoring and reporting and SDG monitoring and reporting

How can your country’s VNRs feed into the IMRF and vice-versa?

Identify concrete actions that will support strengthening synergies between these processes. Think about:

- **Timing (when are national VNRs and GCM reviews conducted)**
- **Development (what agencies or authorities lead in the process? Do they engage in both processes?)**
- **Sources (what data sources and/or other processes should inform both, ex: UPRs, national strategy monitoring, etc.)**
- **Other actions?**

Questions?
Funding, Financing and Fundraising
Parallel streams:

**FUNDING**
...is about transferring money from a financial contributor to a recipient (e.g. donor country to UN).

**FINANCING**
...structuring & unlocking different financial flows to achieve a common result (e.g. helping governments develop a national financing strategy), including:
- Domestic public resources
- Domestic & international private business & finance
- International development cooperation

The UN will increasingly be involved in both
Migration & SDG Financing

- Migrants as agents of change
- Migrants’ economic & financial contributions
- Individual/community level contributions
- Aggregate contributions
- Addis Ababa Action Agenda (financing for development):
  - Reduced remittance costs
  - Improved diaspora engagement
  - Financing and building entrepreneurship systems and opportunities
  - Public-Private-Partnerships engaging with migrants entrepreneurs or migrant-related private business entities to support development objectives
Migration Multi-Partner Trust Fund (Migration MPTF)

- “Start-up” fund of the capacity building mechanism of the GCM
- First UN inter-agency pooled funding instrument focusing on migration
- Has its own steering committee with representatives of Member States, donors, stakeholders & UN entities
- Dedicated to jumpstarting collective action around well-managed migration policies

Learn more here: https://migrationnetwork.un.org/mptf
Migration MPTF Key Features

• A partnership tool owned by national governments

• Alignment with GCM 360-degree approach & guiding principles
  • People centered, whole-of-government and whole-of-society approaches emphasized throughout programme cycle
  • Gender Marker and innovative Human Rights Marker in place
  • Performance measured at Fund level through the Results Framework

• Support to UN reform
  • Aligned with Funding compact
  • Key role for UN Resident Coordinators
  • Contribution to UN coherence
  • Strengthening linkages between GCM and SDG frameworks

• Synergies with UN Network on Migration at country/regional/global levels
Migration MPTF Thematic Areas

GCM objectives are clustered into the 5 Thematic Areas (TA):

- **TA 1:** Promoting **fact-based, data-driven** migration discourse, policy & planning
- **TA2:** Protecting the **human rights, safety & wellbeing** of migration
- **TA3:** Addressing **irregular migration**, including through border management & combating transnational crime
- **TA4:** Facilitating **regular migration**, decent work & positive development benefits of human mobility
- **TA5:** Improving **social inclusion & integration** of migrants
Migration MPTF Projects

- Nine funded projects
- 32 projects in the pipeline for funding

(n.b. these should be updated in advance of the training)

Summaries of the funded projects, as well as those included in the pipeline, can be found on the Network’s website (here)

Concept notes accepted on a rolling basis

- The Operations Manual (available here) includes all instructions as well as the concept note template

Migration MPTF concept note: lightning round review

Brainstorm on two elements of the Migration MPTF Concept Note:

- **Complementarity:**
  
  *How might a joint programme build on what has been done or is currently being done by the UN and other actors in county/region?*

- **Innovation:**
  
  *What could make a project innovative?*

- **Connections to national or regional strategies:**
  
  *What key national or regional strategies should be evaluated/considered to inform potential M-MPTF concept notes?*

- **Partnerships:**
  
  *How do new or existing partnerships set this M-MPTF concept note apart?*

Questions, wrap-up and way forward

Wrap up:
This training has been intended to support UNCTs to:
1. Understand how to systematically integrate migration into Cooperation Frameworks and accompanying Common Country Analyses

2. Understand how the integration of migration into CF contributes to the implementation of the Global Compact for Safe, Orderly and Regular Migration (GCM) and the realization of the Sustainable Development Goals (SDGs)

Way forward:
- Update with key thematic priorities and or suggested actions identified throughout the training which are recommended to help take the training forward
- Articulate available support and or synergies for future action (global, regional, national)

Over to you...!
